

BioCareer Pathway for Maintenance Worker

Recent Graduates

- A mechanical engineering degree is required by most bioeconomy companies. However, some will accept a high school diploma or equivalent, especially if the candidate also has a Journeyperson Certificate in a mechanical trade. High school courses in shop, mechanical drawing, blueprint reading, science and math are an asset.

Entry-level

Maintenance Worker I

2-4 Years

Maintenance Worker II

4-7 Years

Maintenance Worker III

7-10 Years
